Water Testing Indicates That Your Water Is Safe to Drink

OAK GLEN (Partial, three customers)

On May 6, 2019 the Yucaipa Valley Water District shut off a water main for system upgrades. As a result, some residences in the area may have experienced a temporary loss of water pressure. Due to the loss of water pressure, the Yucaipa Valley Water District, as a precautionary measure, issued a Boil Water Notice. The Yucaipa Valley Water District also initiated water sampling in the affected area.

The Yucaipa Valley Water District has received the results of the water sampling and the results indicate the water is safe to drink.

The Yucaipa Valley Water District regrets any inconvenience that this may have caused.

For up to date water outage information, visit the Yucaipa Valley Water District website <http://www.yvwd.dst.ca.us>, select the “SERVICES” tab, scroll to “Public Works”, and click on “Water Outage Information”

Or Call
